

ABOUT THE FILES IN THIS FOLDER

We are private volunteers who have gathered this information so that it is available for anyone to peruse. The videos are self evident. It is clear that the LTTE remnants have put together videos of killings done by themselves of Sinhala soldiers who were captured by them and substituted the Tamil voices with Sinhala voices. The original video appeared in Facebook and before it was removed we managed to save it on this secure server. You can also see that some of the videos of killings in Africa by African soldiers were shown on Indian t.v. as being killings by Sri Lankan soldiers. Now that the LTTE has lost the war their only hope is to rouse anti Sinhala feelings among the Tamils in India. Towards that end they are putting out misinformation.

We hope the viewers will review these videos and make up their own minds as to what is true based on the evidence presented herewith. Our only objective is to clear the good name of the Sinhalese, Sri Lanka Armed forces and the Sri Lanka Government which have acted in exemplary manners under very trying circumstances.
